

TREMEC Toolbox Vehicle Speed Calculator Instructions

Use this calculator to determine your vehicle's speed in any gear and any engine RPM for best performance.

Scroll through the list of popular transmissions to find yours. Or, change input variables (engine RPM, axle gear ratio and tire height) to determine vehicle speed in each forward gear.

For the Tire Height field, enter your tire diameter in inches or press the calculator icon to launch the Tire Size Calculator.

As an added bonus, the Vehicle Speed Calculator doubles as a Gear Ratio Calculator.
